## SCHOOL ROAD MADE SAFER FOR SCHOOL CHILDREN

Due to the efforts of your local Liberal Democrat Councillors, the Council have recently raised the level of a stretch of pavement that was endangering the lives of local school children. The School Road pavement between Blenheim Road and Cambridge Road was constantly being driven on by impatient car drivers who were not prepared to wait for cars to pass through this narrow stretch of road.

The Council had consistently refused to reconstruct this pavement, since there had been no injuries there! Earlier this year, Martin and Emily made Council Officers visit this stretch of

road and witness for themselves cars driving along the pavement whilst being used by local school children.

The pavement was reconstructed last month and Emily, Ernie and Martin would like feedback from parents as to whether the number of vehicles driving along this pavement has reduced.

## HIGHBURY PARK ASSISTANT RANGER JOB NOW BEING ADVERTISED

The job of the new Highbury Park Assistant Ranger is being advertised in the Birmingham Forward newspaper. Job number reference is J0824TV. Informal enquires to Sue Copper on 0121 464 2655. The job was originally going to be advertised in early July, but was delayed while it was offered to Council employees on the redeployment list.

This park has not had a warden or ranger for over 20 years. This is part of a long term project to restore this wonderful park back to its full glory. The Ranger will patrol the park on a daily basis, carry out maintenance and report any vandalism.
